HALO VH1500
Touch POS Terminal

VMAX HALO Series Touch Terminal

The VMAX HALO Series is a state-of-the-art 15" and 15.6" touch POS terminal range designed for performance, flexibility, and reliability. Engineered with powerful processor options including Intel Celeron J6412, 12th Gen Intel Core i5, and Android RK3568, the HALO delivers exceptional speed and efficiency for demanding retail and hospitality environments. Its plug-and-play edge connector design allows fast configuration and seamless integration with essential peripherals, making it an ideal future-ready POS solution.

Powerful Multi-Platform Performance
The HALO Series offers flexible processor and operating system options to suit different business requirements, from Windows and Linux to Android environments.

High-Definition PCAP Touch Display
Available in both 15" (4:3) and 15.6" (16:9) formats, the HALO features a bright, responsive 10-point PCAP touchscreen for smooth and accurate interaction.
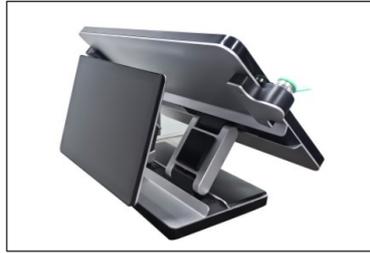

Modular Plug & Play Design
Designed with edge connector technology, the HALO enables quick installation and easy expansion with minimal cabling and downtime.

Full Connectivity & Peripheral Support
The HALO Series provides extensive I/O options and supports a wide range of POS accessories, making it adaptable to any operational setup.
